Boot Camp! Carlson Hydrology with Jeff Foster, PE

(see Jeff's Bio at www.thatcadgirl.com/images/bio_jefffoster.pdf)

\$399

Call 919.417.8351 to Register - Seats are Limited!

Registration deadline is 5/10/2012. If there are fewer than 5 registered by this date, the event will likely be cancelled or rescheduled.

This 1 day class provides 8 hours of intensive, hands-on training with Carlson Hydrology. Time permitting, topics for the day will include:

- Watershed delineation
- Groundcover and Soil review
- Rainfall analysis
- Sewer Network Libraries
- Storm and Sewer pipe design
- HGL/EGL analysis
- Pipe conflict resolution
- Orifice and Weir design
- Drafting of pipes in plan and profile views

You will need to bring your own laptop and mouse. Trial versions of Carlson Civil Suite with IntelliCAD will be provided if needed.

If you run or plan to run Carlson on top of an AutoCAD-based program instead of IntelliCAD, please have the AutoCAD-based program installed on your computer prior to the start of class.

Prerequisite: General working knowledge of IntelliCAD or AutoCAD, basic computer knowledge, and a working knowledge of hydrology. This is not intended to teach hydrology, but rather how Carlson Hydrology is the design tool you need.

Date & Time: Tuesday May 15, 2012
Sign In and Software Loading begins at 7:30 am
