

What is Carlson up to?

This is a good article about Bruce Carlson and where Carlson Software is planning to go in the future...

Independence All the Way

Carlson Point Cloud

It's time to take another look at Carlson Point Cloud.

Carlson's Point Cloud program has been re-vamped with many powerful and exciting new features giving those folks struggling to process data generated from laser scanners the ability to process up to 1 billion points.

Carlson Point Cloud is even more valuable to land surveying, civil engineering and mining professionals because of its seamless integration with Carlson Survey, Carlson Civil and Carlson Mining.

With the new and improved Point Cloud program, your scan can be oriented to a local coordinate system and clouds can be "cleaned" to filter and thin out duplicate points. You also have the ability to snap to edges and code points for use with the Field to Finish feature of Carlson Survey. This allows you to define more accurate breaklines and create better surface models for generating contours, profiles & cross sections in Carlson Civil.

Read more about Point Cloud by [clicking here](#). There are also

several new 5 minute videos demonstrating the functionality of this program available here.

Carlson Software Manuals

Looking for Carlson Software manuals? Prior to the 2010 release, Carlson included printed manuals with your purchase and, in addition, the manuals have always been available to print for yourself from the Help files.

With the 2010 release, Carlson “opened” a storefront on the self-publishing site called Lulu.com. You can order 2009 and 2010 Carlson Software manuals here <http://stores.lulu.com/carlsonsw>.

Carlson Webinars

Beginning on May 18th, I will be presenting a series of Free webinars in partnership with Carlson Software. This series of webinars will generally alternate between IntelliCAD/AutoCAD topics and Carlson Software topics.

May 18, 2010, 12:00 EDT: Tips & Tricks for Carlson Civil: Beyond the Demo

May 18, 2010, 3:00 EDT: REPEAT Tips & Tricks for Carlson Civil: Beyond the Demo

June 3, 2010, 12:00 EDT: Introduction to Model Space & Paper Space for IntelliCAD or AutoCAD

June 17, 2010, 12:00 EDT: Introduction to Field to Finish

Descriptions and registration links can be found here: Carlson Software Webinars
