March, April & May Webinars – Now Posted!

I've just updated my list of Upcoming Webinars for the next few months. There are several new and reconfigured sessions and I've got Mark Long, Carlson's Hydrology expert, on board to show a lot of the design capabilities in Carlson Hydrology in March. Mark's the best and I think you'll get a lot out of his training.

A couple other classes are on the list because you asked for them! They're narrowly focused classes on very specific topics: Carlson Annotation, Surfaces and Breaklines and Working with Paper Space, Sheet Set Manager and Creating Custom Title Blocks. You'll have ample opportunity to ask questions and start using what you learn right away!

Here's the link to pre-register and, if you're not eligible to attend for free, here is the link where you can purchase a year's access to the webinars.
