

It's been a fun (and busy!) few weeks...

Thanks to everyone who attended our workshops in Statesville & Hendersonville this month! We were pretty much busting the seams of our event space in Hendersonville and we'll be better prepared for the crowd next year. I think it's safe to say we'll be back for a full day.

Here are a few snapshots of me and "the crew" who helped create this 3-ring circus.

From left: Jeremy Taylor, aka "That CAD Guy"; Mark Long, Civil & Hydrology Training and Support for Carlson Software; me; Scott Griffin, National Civil Sales Director for Carlson Software; Butch Herter, Director of Hardware for Carlson Software and Mike Jones, Inside Sales Support for Carlson Software.

Pardon the smirks – a crude comment was made instead of just saying "Cheese!"

Yeah, this is a little more honest.
I think we were at the end... of the day.

Tuesday in Statesville

Tiny bit of false advertising.

This is Jeremy, That CAD Guy, explaining the ins-and-outs of
Traverse Adjustment in Carlson Survey.

Feel like you missed out? There's still time to register for our
encore presentations in Raleigh in mid-December. [Click here to
find out more](#)
