

2019 Year End Specials on Carlson Software

**** Year End Special ****
Starts Nov 1 - Ends Dec 31

All End Of Year
Specials

Today is the day!

Carlson Software has just announced discounts on an assortment of software and hardware products that will be good through 12/31/2019.

One key difference from years past is that the maintenance that's included with the software deals will expire on AUGUST 1, 2020 (instead of September). You are still guaranteed to get an upgrade to 2021 though; even if 2021 is released after the Aug 1 deadline next year.

Click [here](#) to find out more about Carlson's 2020 product offerings

All purchases from That CAD Girl include a year of unlimited access to our live, online webinars. Click here for our schedule through February 2020.
