That CAD Girl & Carlson Software Virtual Worksops

Tuesday Dec 15, 2020
Wednesday Dec 16, 2020
Thursday Dec 17, 2020

Time: Roughly 8:30 am till 6:30 pm EST

Agenda: Daily schedule will be announced at a later time but here's a sample...

- Have "morning coffee" and "evening drinks" at our Virtual Booth where we will be staffed to answer questions and demonstrate latest features of Carlson Software and Hardware!
- Overview of Carlson Software and hot new updates in 2021
- CAD & Carlson Tips & Tricks
- Getting the most from Carlson Point Cloud, Photo Capture and other cloud manipulation software
- Case Studies from end-users showing real-world time savers with Carlson Software
- Carlson Sales, Support & Development Round Table
Be ready to stump them with questions and they will also share their favorite things in Carlson desktop, field and P3D software
- Wading ALL the way into Carlson Hydrology with Mark Long and Shan Lu
- Drawing Prep and Cleanup for Surface Modeling and Staking

Format: Live, Interactive, Virtual Webinars - Various speakers, topics and session duration

Location: ONLINE via Go To Webinar or Zoom

PDH Credit: Up to 20 credit hours over 3 days

Each registrant must log in to each session using their unique email address to properly receive confirmation of attendance.

Register: [Online registration begins on October 1, 2020](https://www.thatcadgirl.com/workshops)

www.thatcadgirl.com/workshops

Refund Policy:

There are no refunds for this event.

If you register to attend one of our 6 hands-on sessions in November or December 2020, you will automatically be registered for Virtual Workshops
