Check your CADometer! Are you ready to consider IntelliCAD?

Update: If you missed the live presentation on 8/13/2020, click here to view the recording

If your “CADometer” is pegged to HATE, you really shouldn’t miss this **FRE**E webinar!

On Thursday August 13th we will welcome Dave Lorenzo, President of the IntelliCAD Technology Consortium (ITC), who will present IntelliCAD Overview: Where it WAS. Where it IS. And Where it WILL BE. This webinar will provide an introduction to IntelliCAD for anyone wondering whether it is a viable alternative to their current CAD program. Feature-wise, IntelliCAD 10 will compare most favorably to AutoCAD.

Representatives of Carlson Software will also be on the call to discuss their ongoing partnership with the ITC and reasons they develop their desktop programs on IntelliCAD as well as other platforms.

During this session we will present some of the latest updates to IntelliCAD 10 that will be included in Carlson’s 2021 product release and of most importance to land development design and

construction professionals.

This webinar will be approximately an hour long.
