

That CAD Girl and Carlson Software Workshops 2020 – are they gonna happen???

[UPDATES: More information has now been posted on our Classrooms and Conferences page here]

I've started getting a lot of inquiries about if, how and when we plan to hold our workshops this year so here is our current, working plan...

November 12th, 13th, 19th and 20th: We will have 4 days of hands-on training in the Raleigh NC area. We will likely only have 10 spots available each day.

Dec 15th and 17th: We will be offering two days of "Virtual Workshops" online! As much as possible, we plan to replicate the programs we usually hold in Statesville and Raleigh NC each winter – minus the donuts and Honey Baked ham though.

Paid registration to the hands-on training will include registration to the 2 days of Virtual Workshops. This will allow anyone who decides they aren't comfortable attending the in-person classroom training to skip it and still have the ability to get training before the end of the year.

Details of the training will be announced in the next few weeks.

Make sure you register for our Newsletter so you'll be one of the first to know!

Hope to see or "see" you there!
