

Carlson Software 2023 has been released!

On November 1, 2022 Carlson Software released the 2023 version of their desktop products. With the 2023 release, Carlson is focusing more on performance and stability and a little less on new bells and whistles... I'm guessing the next version will be heavy in the other direction!

Carlson 2023 products will ship with both a preview release of IntelliCAD 11.0 and 10.1 and can also run on top of your separately purchased license of AutoCAD 2018-2023.

Carlson Survey 2023 with embedded AutoCAD (OEM) is expected to be released within the next few weeks but it's unclear at this time whether there will be a 2023 release of Takeoff OEM.

Any user who has purchased Survey OEM 2022 after 10/1/2022 will receive a free upgrade to Survey OEM 2023. If this applies to you, please Email us and we'll make sure you get your free upgrade.

If you are currently running Carlson and have an active maintenance contract, **you are eligible for a free upgrade to Carlson Software 2023.** You will need your 2022 serial number and

can use this Lookup screen to find your 2023 serial number.

If you're a past customer of That CAD Girl, you may be able to find your Carlson Customer ID, serial numbers and maintenance reports on our new customer portal. You can access your portal by clicking [here](#) and entering your email address. If you haven't been granted Admin privileges by your company's primary point of contact, you may have limited access.

Request Pricing for upgrade

You can read more about the new features and find more information [here](#) on Carlson Software's 2023 product page.

Don't forget to subscribe to our YouTube channel where you can find our Picks and Clicks videos plus several "Product Overview" recordings that demonstrate features in different programs.

FAQ: What are the improvements to Carlson over previous versions? (a running thread)

And, don't forget...
