

2023 Carlson Software Workshops – In-Person and Virtual

We are happy to announce that our annual That CAD Girl and Carlson Software Workshops are finally returning to “our regularly scheduled programming” here in 2023!!

For the first time since 2019 we will be holding in-person workshops in Raleigh and Statesville, North Carolina in November and will also conduct 2-days of Virtual Workshops for those outside our area. We always aim to provide the training you need, as conveniently as possible, to fulfill your continuing education and professional development requirements.

Pricing is \$99 per day for in-person and \$99 for 2-days of

Virtual.

However, you can attend our Virtual Workshops for FREE with the purchase of a new license of Carlson Software from That CAD Girl or with your registration to in-person workshops.
