

Fast Track to Carlson Takeoff – January 2024

Don't miss our upcoming Virtual Classroom training from That CAD Girl!

A promotional graphic for a training session. On the left, a cartoon woman with glasses and brown hair, wearing a white shirt, is driving a black sports car with yellow headlights. She is gesturing with her right hand. The background is a stylized road with a white line curving through a landscape of green and brown terrain. Text on the right side of the graphic includes: 'Get on the' in black, 'Fast Track' in large green italicized font, 'with Carlson Takeoff' in black, 'Quantity Takeoffs & Surface Modeling for Machine Control' in black, 'January 23rd, 25th & 26th' in green, and 'Register Now at www.ThatCADGirl.com/classes' in black. At the bottom right, there are logos for 'That CAD Girl' and 'Carlson College' with the text 'CERTIFIED TRAINING CENTER' and 'That CAD Girl is a charter member of Carlson College'.

Our goal for 2024 is to double our offerings of long-form Virtual Classroom sessions and that starts in January with our Fast Track to Carlson Takeoff. This will be 2+ days of demonstration and presentation where users will learn to:

- Start your project from 2D images or paper
- Use Takeoff's layer-based system to track features and report quantities
- Easily account for subgrades and topsoil in cut/fill calcs
- Import CAD files and data from other programs
- Build complex surface models with multi-floor buildings and retaining walls

- Generate reports and cut/fill color maps
- Export files for machine control
