Frequently Asked Questions

[FAQ451] Do I qualify for an automatic upgrade to the new version of Carlson?

Maybe.

With every new license of Carlson that includes IntelliCAD or runs on top of your AutoCAD, Carlson includes 90 days of free Maintenance at no charge. This is Carlson's way of guaranteeing that, if a new version of the software is released within 90 days of purchase, you will automatically be upgraded.

Also, you have the option of purchasing Maintenance for any of the desktop software with IntelliCAD or for your AutoCAD.

Bottom line: If your Maintenance is current when a new version is released, you're eligible for an automatic upgrade to the new version.

Follow this link then click on ***Request a Custom Proposal*** to get pricing for upgrades or maintenance renewal or even just to request a report of your current licensing.
