

That CAD Girl

Frequently Asked Questions

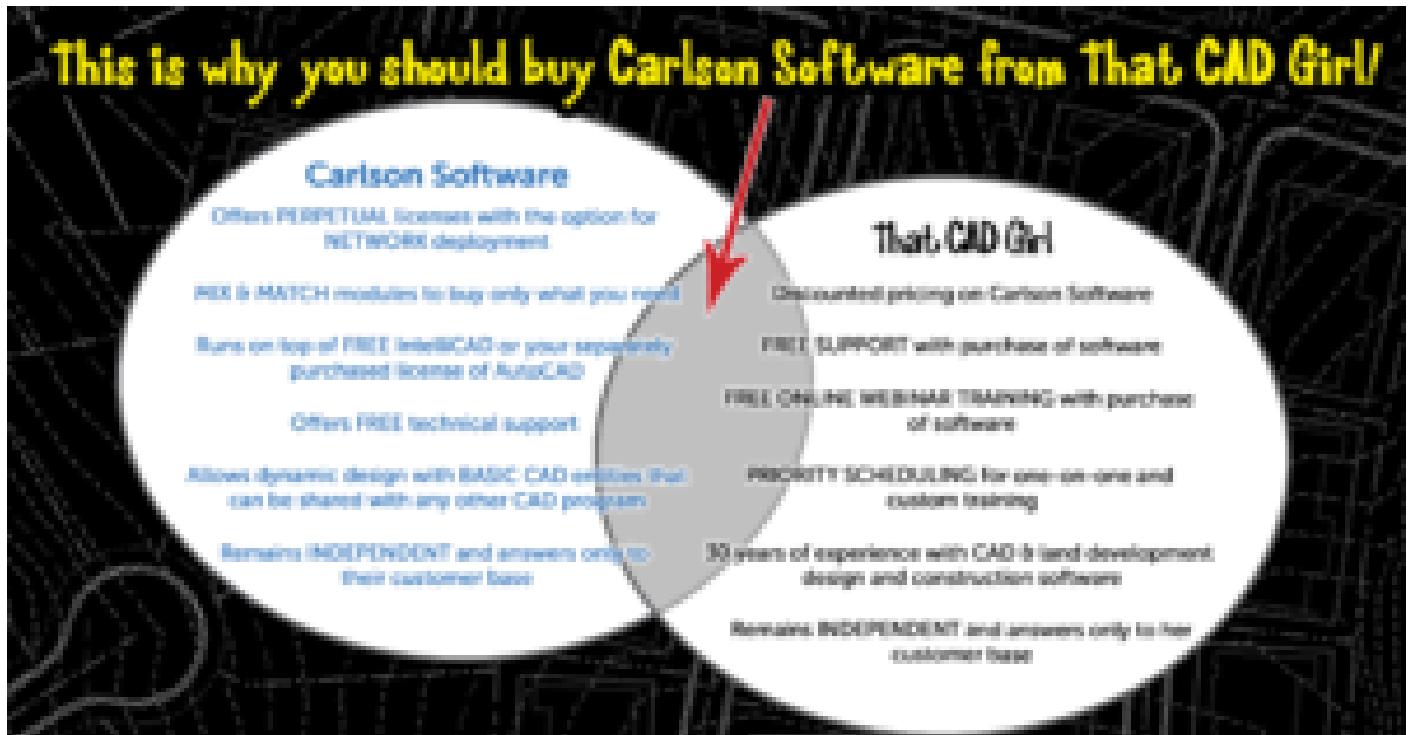

[FAQ201] Why should I purchase Carlson from That CAD Girl instead of someone else?

Whether you need 1 license or 10, That CAD Girl will give you the same level of support and service.

We don't try to get rich off of any single sale or customer. Instead, we give decent discounts on Carlson software products that still allow us to provide as much free support, service and training to our customers as possible.

We can't always be 100% successful, but our goal is to answer every email and phone call and to be an extra resource for your organization.
