Carlson Software 2024 has been released!

Carlson Software released the 2024 version of their desktop products on October 16, 2023.

With the 2024 release, Carlson has upgraded the IntelliCAD “experience” and now defaults to IntelliCAD 11 which is a major upgrade! Click [here](#) to review all the updates in the new 2024 software.

Carlson 2024 products can be installed with (included) IntelliCAD 10.1a or 11.1 or on top of your separately purchased license of AutoCAD 2018-2024.

Carlson Survey and Takeoff 2024 with embedded AutoCAD (OEM) are expected to be released within the next few weeks.

Any user who has purchases a new Survey or Takeoff with embedded AutoCAD (OEM) within 30 days of the new release will receive an automatic upgrade. If this applies to you, please Email us and we’ll make sure you get your free upgrade.

If you are currently running Carlson and have an active maintenance contract, **you are eligible for a free upgrade to Carlson Software 2024.** You will need your 2023 serial number and can use this Lookup screen to find your 2024 serial number.

If you’re a past customer of That CAD Girl, you may be able to find your Carlson Customer ID, serial numbers and maintenance reports on your That CAD Girl Customer Portal.

CARLSON 2024

More than 30 hours of training over 4 days!!

www.ThatCADGirl.com/workshops

We are happy to announce that our annual That CAD Girl and Carlson Software Workshops are finally returning to “our regularly scheduled programming” here in 2023!!

For the first time since 2019 we will be holding in-person workshops in Raleigh and Statesville, North Carolina in November and will also conduct 2-days of Virtual Workshops for those outside our area. We always aim to provide the training you need, as conveniently as possible, to fulfill your continuing education and professional development requirements.

Pricing is \$99 per day for in-person and \$99 for 2-days of

Virtual.

However, you can attend our Virtual Workshops for FREE with the purchase of a new license of Carlson Software from That CAD Girl or with your registration to in-person workshops.

No more 90-day licenses from Carlson

In 2020 with the onset of COVID, Carlson Software began offering the option of 90-Day licenses to accommodate users working at home. Just this weekend, we were notified that the 90-day licenses are no longer being offered as an option.

If you are currently running a 90-day license, you will need to consider purchasing a full license before yours expires. We will be sending out notices to our customers to give you as much advance notice as possible.

Please contact Claire or me at ContactUs@thatcadgirl.com or (954) 223-4495 if you have questions or need pricing.

Missed our Virtual Workshops? Recordings now available for purchase

We've had many requests to make the recordings from our 2022 Virtual Workshops available for purchase – so we've listened! You can now purchase access to all of those recordings for only \$99.

Across all session over 6 days, we have about 36 hours of recorded training. The sessions Included:

Day 1, Introduction to CAD, Plain CAD... AutoCAD or IntelliCAD... for the new user

Day 2, Introduction to Carlson Software for the new user

Day 3, Carlson Software Showcase featuring Q & A Round-Table and Ask-the-Expert sessions with Carlson Software staff

Day 4, Carlson Field to Finish, from start to finish

Day 5, Civil Design in Carlson Software

Day 6, Carlson Software Case-Studies and Tips & Tricks

If you have any questions, please reach out to Claire DiBlasi or me at ContactUs@ThatCADGirl.com.

2022 Virtual Workshop Registration Discount!

Although we've already completed 2 of our 6-days of workshops, we've continued to get calls and requests to register for the remaining days.

It's true that "the best is yet to come" but, in the spirit of Thanksgiving, Black Friday and end-of-year specials, we've decided to reduce the cost of the registration to \$99 for the remaining sessions.

Coming up Tuesday Nov 29th, we are putting the sales, support and development teams from Carlson Software in the hot seat to answer your questions! You won't want to miss this!

Currently scheduled: Bruce Carlson, Leonid Entov, Scott Griffin, Butch Herter, Mark Long, Doug Aaberg, Sara Winter, Shan Lu, Lon Watson, John Gerber and more!

Survey OEM 2023 Released!

I've been pretty impressed with the stability and performance of the Carlson 2023 products so it's not a surprise that they have released Survey OEM 2023 so quickly.

Wondering what's new in the latest release? Don't miss

our FAQ: What are the improvements to Carlson over previous versions?

Anyone who purchased 2022 after 10/1/2022 is eligible for a free upgrade to 2023. Please send Claire or me an email at ContactUs@ThatCADGirl.com and we'll help you get your new serial number.

If you are interested in running a 30-day trial to try it before you buy it, please reach out to us and we will be happy to send that to you as well.

PS: Carlson's and That CAD Girl's year-end specials are ongoing through 12/31/2022... don't miss out!

On the Agenda... Fast Track to CAD

The image is a promotional graphic for a workshop. On the left, a stylized illustration shows a woman with brown hair and glasses sitting in a black car with yellow headlights. The car is on a black road that curves upwards. The background is a light green grid with faint technical drawing lines and numbers. The text is in black and green. The main title is 'Get on the Fast Track with an Introduction to CAD and Carlson Software'. Below that, it says 'That CAD Girl's 2022 Virtual Workshops - more than 30 hours of training over 8 days -'. A list of other sessions includes: Carlson Software VIP Round Table - Ask the Expert!, Carlson Field to Finish, Civil Design in Carlson Software, and User Case Studies and Tips & Tricks. At the bottom, it says 'Visit www.thatcadgirl.com/workshops' and features the logos for 'That CAD Girl' and 'Carlson College'.

I'm just finishing up the agenda for the first day of our 2022 Virtual Workshops – and I couldn't wait to share! On Tuesday 11/15 we'll have 6 hours together for an **Introduction to CAD**. I guess I'm well on my way to developing a "series" of these *Fast Track to...* sessions.

Whether you're using AutoCAD or IntelliCAD, I think this is going to be a very helpful training session because it's scheduled with plenty of time to dig into some of the necessities for beginners. And, although this is a lead-in to **Introduction to Carlson Software** next week, this is **SIMPLY CAD STUFF** and will be perfect for beginners!

Here's a bullet list:

- Drawing Environment and Settings
- Basic Draw Commands
- Basic Edit Commands
- Layers, linetypes and lineweights
- Lintype Scales

- Blocks and External References
- Model and Paper Space
- Drawing Templates
- National CAD Standards

If you think this lesson plan would help you or co-workers out, there's still time to register... only \$199 for 6 days of training, and you can pick and choose which session(s) you'd like to attend!
