

CAD Masters: AutoCAD

From beginner lessons to advanced workshops, our comprehensive AutoCAD curriculum is designed to help you unlock new levels of productivity and design prowess.

CAD Masters: Civil 3D

Whether you're new to Civil 3D or looking to sharpen your expertise in specific topics, our hands-on workshops will empower you to design world-class civil engineering projects.

CAD Masters: Revit & BIM

From BIM fundamentals to advanced Revit workflows, our comprehensive curriculum will empower you to bring your projects to life through cutting-edge BIM techniques.

Carlson Self-Study Manual –

Configuration & Overview of Points

That CAD Girl Self Study Manuals are the perfect complement to your purchase of Carlson Software. The books were written when 2013 software was current but still work well with more current versions of the software.

This is one book with 2 lessons. This book can be purchased, here, separately or as a 2-book bundle with the Field to Finish Self-Study Manual.

Carlson Self-Study Training Manuals includes print and digital version*

**For a limited time, purchase the hard-copy, print version and receive access to our digital version (beta release)*

That CAD Girl Self Study Manuals are the perfect complement to your purchase of Carlson Software. The books were written when 2013 software was current but still work well with more current versions of the software.

There are 3 lessons in two books and can be purchased together,

as a bundle, or separately:

Carlson Self-Study Training Manuals (2-book bundle)

Carlson Self Study Manual – Configuration & Overview of Points (one book, two lessons)

Carlson Self Study Manual – Field to Finish

eLearning: Introduction to Drafting with Topcon Magnet Office

A comprehensive overview of the basics of MAGNET Office Site. MAGNET Office Site is a design and processing software suite within the MAGNET system of solutions. Intuitive options within specific modules help drive civil, survey, and construction projects with easy workflows.
