

# Introduction to RoadNet in Carlson Software Recorded on 7/20/2022

This webinar introduces Carlson RoadNet, focusing on fundamental setup, workflow, and troubleshooting for creating road networks in Carlson Civil. The session covers drawing centerlines, setting templates, managing intersections and cul-de-sacs, and integrating lot grading for subdivision design.

## Key Topics:

- Carlson RoadNet basics and setup
- Drawing and orienting centerlines
- Templates, profiles, and intersections
- Cul-de-sac design and troubleshooting
- Lot and pad elevation automation

# Introduction to LotNet in

# Carlson Software

## Recorded on 7/8/2022

This webinar introduces Carlson Software's LotNet module, demonstrating how to create, edit, and manage subdivision layouts efficiently. Travis Maxwell walks through practical examples, showing how to set up boundaries, roads, and lots, and how to troubleshoot common issues.

### Key Topics:

- Overview and setup of LotNet in Carlson Software
- Creating and editing subdivision layouts
- Integrating LotNet with RoadNet and SiteNet
- Troubleshooting and customization tips

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 07/08/2022.*

# Introduction to Carlson Software – Settings Setup Configuration & Points

# Recorded on 11/3/2022

This webinar introduces new and intermediate users to Carlson Software's CAD environment, focusing on setup, configuration, and point management. Presenter Travis Maxwell demonstrates essential CAD commands, toolbar customization, and layer management to help users optimize their Carlson workflows.

## Key Topics:

- CAD basics and command shortcuts
- Installation prerequisites and admin setup
- Toolbars, layers, and properties management
- Using snaps, polylines, and blocks
- Tool palettes and workflow customization

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 11/03/2022.*

# Introduction to Carlson Software – Settings Setup Configuration & Points

# Recorded 9/1/2022

This introductory webinar covers the fundamentals of Carlson Software, focusing on settings, setup, configuration, and points management. Hosted by That CAD Girl's Jennifer DiBona with instructor Travis Maxwell, the session guides new users through essential CAD commands, workspace customization, and productivity tools within Carlson.

## Key Topics:

- Carlson Software introduction and training schedule
- Basic CAD commands and shortcuts (erase, polyline, circle, trim, extend, etc.)
- Managing layers, properties, and toolbars
- Using text, MText, and MLeader for annotation
- Setting up templates, tool palettes, and workspace customization

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 09/01/2022.*

# Introduction to Carlson

# Software – Settings Setup Configuration & Points Recorded 8/8/2022

This introductory webinar provides new Carlson Software users with a step-by-step walkthrough of essential setup procedures, including drawing configuration, coordinate systems, project folders, and point management. Presenter Travis Maxwell demonstrates how to configure Carlson Civil or Survey for optimal performance and accuracy in CAD-based workflows.

## Key Topics:

- Carlson Software setup and configuration
- Coordinate systems and projection settings
- Managing project folders and coordinate files
- Importing and drawing survey points
- Using symbols, layers, and blocks effectively

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 08/08/2022.*

---

# Introduction to Carlson Software – Settings Setup Configuration & Points

## Recorded on 7/6/2022

This webinar introduces new and intermediate users to Carlson Software's setup, configuration, and CAD environment, focusing on IntelliCAD and AutoCAD integration. Presenter Travis Maxwell demonstrates essential CAD commands, configuration settings, and best practices for managing points, layers, fonts, and drawing standards.

### Key Topics:

- CAD command shortcuts and configuration
- IntelliCAD vs. AutoCAD performance and compatibility
- Carlson drawing setup, coordinate systems, and project data management
- Font and text style issues between platforms
- Importing Civil 3D data and converting surfaces

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 07/06/2022.*

# Introduction to Carlson Software – Settings Setup Configuration & Points Recorded 4/8/2022

This introductory Carlson Software webinar, led by Travis Maxwell and hosted by Jennifer DiBona, walks new users through essential setup steps, configuration settings, and point management in Carlson Survey and Civil Suite. The session covers environment setup, coordinate systems, drawing configuration, and best practices for managing data and point files.

## Key Topics:

- Carlson Software environment and toolbar setup
- Drawing and coordinate system configuration
- Project folder management and data paths
- Carlson Configure settings and INI files
- Importing and managing survey points

Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.

This session was presented by Doug Aaberg on 04/08/2022.

# **Introduction to Carlson Software – Settings Setup Configuration & Points Recorded on 2/2/2022**

This document appears to be an introductory training or instructional file related to Carlson Software, focusing on setting up configuration points and initial setup parameters. It likely serves as a guide for new users to properly configure project settings and establish baseline data for CAD and surveying workflows.

## **Key Topics:**

- Carlson Software introduction
- Configuration and setup procedures
- Point management and data setup

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Jennifer DiBona on 02/02/2022.*

---

# **Introduction to Carlson**

# Software – Settings Setup Configuration & Points Recorded 3/10/2022

This webinar provides a detailed introduction to Carlson Software's configuration, setup, and point management tools. It covers user interface customization, project folder organization, default settings, and template creation for efficient CAD workflows.

## Key Topics:

- Carlson Software interface and menu structure
- Default settings and configuration management
- Project and data folder setup methods
- Drawing templates and text style customization
- File types and object linking

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Jennifer DiBona on 03/10/2022*

## How to Create the Ultimate

# Drawing Template and Get the Most Out of It

## Recorded on 2/15/2022

This webinar from That CAD Girl and Carlson Software expert Travis Maxwell walks users through building a clean, efficient, and scalable CAD drawing template in IntelliCAD/Carlson. Topics include cleaning files, managing layers, fonts, line types, title blocks, plotting standards, and using sheet sets for multi-sheet projects.

### Key Topics:

- Creating and maintaining clean template files
- Managing layers, line types, and fonts
- Setting up title blocks, attributes, and fields
- Plot styles, CTB management, and publishing PDFs
- Using sheet sets for multi-sheet management

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 02/15/2022.*
