

# Tips & Tricks in Carlson Software with Travis Maxwell Recorded 3/29/2024

This Carlson Software webinar, led by Travis, covers advanced troubleshooting and productivity techniques for Carlson and IntelliCAD users. Topics include managing fonts, handling Civil 3D files, using LISP routines, and optimizing stormwater design workflows.

## Key Topics:

- Managing formatted text and font overrides in IntelliCAD
- Converting and cleaning Civil 3D files for Carlson use
- Using LISP routines for text cleanup
- Low-density stormwater and ditch design techniques
- Productivity and troubleshooting best practices

# Tips & Tricks in Carlson

# Software

## Recorded 9/24/2024

This webinar, led by Travis Maxwell, explores advanced tips and tricks in Carlson Software 2025, focusing on RoadNet workflows, Civil 3D file conversion, and interface customization. Attendees learn practical methods to streamline grading, surface management, and toolbar configuration for more efficient design work.

### Key Topics:

- Customizing toolbars and commands in Carlson 2025
- Converting Civil 3D files for use in Carlson
- Managing dense TIN surfaces and reducing file complexity
- RoadNet 2025 features and workflow improvements
- Troubleshooting performance and memory issues

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 09/24/2024.*

# Tips & Tricks in Carlson Software

# Recorded 8/30/2024

This Carlson Software webinar, hosted by That CAD Girl and presented by Travis Maxwell, covered advanced productivity techniques for Carlson CAD users. Topics included automating sheet indexes, importing Civil 3D drawings, creating and fitting profiles, and extracting usable data from DOT PDF plans.

## Key Topics:

- Automating sheet index creation with block attributes
- Converting and importing Civil 3D drawings into Carlson
- Creating and refining road profiles and centerlines
- Extracting linework and text from DOT PDF plans
- Troubleshooting MLeader background masks and template file behavior

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 08/30/2024.*

# Tips & Tricks in Carlson Software

# Recorded 7/25/2024

This Carlson Software Tips & Tricks webinar, led by Travis Maxwell and hosted by That CAD Girl, explored advanced drafting and design techniques in Carlson 2024. Topics included dynamic arrays, labeling elevations, dynamic text linking, profile customization, and title block management for efficient civil design workflows.

## Key Topics:

- Dynamic arrays and grid creation
- Labeling elevations and using UCS for profiles
- Dynamic text and Excel-linked tables
- Profile drawing with cut/fill hatching and label boxes
- Title block automation and block data reporting

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 07/25/2024.*

# Tips & Tricks in Carlson Software

## Recorded 6/5/2024

This Carlson Software webinar, hosted by That CAD Girl and presented by Travis Maxwell, explored advanced techniques and workflows in Carlson Civil and related tools. Topics included surface r

endering, QGIS integration, annotative CAD scaling, and the new parking lot design tool.

### **Key Topics:**

- Advanced surface modeling and rendering in Carlson Civil
- Integrating QGIS and DEM data for terrain modeling
- Annotative text and symbol scaling in CAD drawings
- Introduction to the Parking Lot Tool for grading and layout
- Workflow optimization and visualization techniques

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 06/05/2024.*

# **Tips & Tricks in Carlson Software**

## **Recorded 4/25/2024**

This webinar, hosted by That CAD Girl and presented by Travis Maxwell, covered advanced tips and tricks for Carlson Software users. Topics included Field-to-Finish setup, annotative text management, custom toolbars, and LotNet subdivision workflows to improve drafting and design efficiency.

## **Key Topics:**

- Field-to-Finish setup using spreadsheets
- Annotative text and scaling best practices
- Custom toolbar and LISP automation
- Text formatting cleanup and overrides
- LotNet for subdivision and lot numbering

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Travis Maxwell on 04/25/2024.*

---

# **Tips & Tricks in CAD and Carlson Software Recorded 3/20/2024**

This webinar, hosted by That CAD Girl, provided an in-depth look at practical tips and tricks for using CAD and Carlson Software effectively. Topics included line types, polylines, wipeouts, text masks, symbol libraries, and 3D polyline utilities for improved drafting and design workflows.

## **Key Topics:**

- Creating and customizing line types in CAD and Carlson
- Using wipeouts and text masks for clean annotations

- Managing and importing symbol libraries
- Advanced polyline and 3D modeling techniques
- Offsetting and daylighting with 3D polylines

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Jennifer DiBona on 03/20/2024.*

---

# **The Ultimate Drawing Template Recorded 8/8/2024**

This webinar, led by Travis Maxwell and hosted by That CAD Girl, provides a comprehensive walkthrough of creating, cleaning, and optimizing CAD drawing templates in Carlson Software. It covers best practices for fields, attributes, layers, fonts, and scaling to ensure consistency and efficiency across projects.

## **Key Topics:**

- Building and maintaining CAD drawing templates
- Using fields and block attributes for automation
- Managing fonts, layers, and line types
- Cleaning drawings with purge commands
- Implementing National CAD Standards

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

# **Understanding Changes to Projections and Zones in Carlson 2024**

## **Recorded 3/21/2024**

This webinar, hosted by That CAD Girl and presented by Carlson S ofware's Doug Oberg, explains the updates to projection and zone settings introduced in Carlson 2024. It clarifies the purpose of new prompts, datum realizations, and configuration options to help surveyors transition smoothly to the latest version.

### **Key Topics:**

- Changes to projection and datum settings in Carlson 2024
- Understanding NAD83 realizations and EPSG codes
- Lat/Long transformation toggle and its implications
- Backward compatibility and upgrade recommendations
- Future improvements planned for Carlson 2025

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Doug Aaberg on 03/21/2024.*

---

# **SurvNet Least Squares In Carlson Software Recorded 4/4/2024**

This recorded webinar provides a detailed overview of Carlson SurvNet's Least Squares Adjustment tools, presented by surveyor and software developer Donnie Stallings. The session covers the theory behind least squares, practical setup and configuration in SurvNet, and interpretation of adjustment reports for survey network analysis.

## **Key Topics:**

- Fundamentals of Least Squares Adjustment
- Carlson SurvNet configuration and settings
- Processing total station and GPS data
- Reading and interpreting adjustment reports
- Troubleshooting and blunder detection

*Descriptions, transcripts and other details of this recording have been AI-generated and may contain errors.*

*This session was presented by Donnie Stallings on 04/04/2024.*
